

Strand: Physical and Material World

A World of Matter

Curriculum Level: 4

The **World of Matter** module is designed to support the learning of key ideas within the Science curriculum.

Through reading these texts, students will learn about, and have an introduction to, a variety of areas of chemistry. They will be able to explore the unique attributes of elements.

After completing this module, it would be expected that students have developed some of the knowledge and skills required to demonstrate success at level 4 of the curriculum.

SCIENTISTS
An inquiry into the Nature of Science

THE ELEMENTS
An inquiry into the Periodic Table

MAD SCIENCE
An inquiry into Science Experiments

research a topic of your choice and give feedback to one of your peers

develop an experiment and give feedback to one of your peers

You will create a presentation to share your findings and consider some applications of your results.

What's the point of finding something out if there is no use for that knowledge?

Inquiry-based learning journeys
